Scott's Corner

Best wishes for a Happy New Year to all of our residents, family and friends.

We all have many happenings in our lives this past year to be thankful. At Tuscany we have had many updates so we can continue to enjoy the amenities. We have added many flowers around the community to have that colorful effect. We have also painted many areas for a fresh clean look. There is a new rubberized floor in the Fitness Center and we have also replaced a treadmill. The Tennis and Basketball Courts have also been resealed.

The rental suite on the second floor of the Club House is open for reservations which are made through the On-Site Office. If you are a homeowner and have not seen the Suite, please contact me for a tour.

The January meeting has been cancelled and we look forward to having a meeting in February.

If you are need of some paperwork that needs faxing, copying or notarizing, my office offers this service.

We have a great selection of books in the Club House Library Area for your reading enjoyment. Please stop by and check out the shelves. We also accept donations of books to share with your fellow residents.

Pressure cleaning and de-rusting is an ongoing process. If you find an area that we have missed please call the office and we will take care of it

January is named after Janus (Januarius), the god of the doorway; the name has its beginnings in Roman mythology, coming from the Latin word for door (ianua) – January is the door to the year. Traditionally, the original Roman calendar consisted of 10 months, totalling 304 days, winter being considered a monthless period. Around 713 BC, the semi-mythical successor of Romulus, King Numa Pompilius, is supposed to have added the months of January and February, allowing the calendar to equal a standard lunar year (365 days). Although March was originally the first month in the old Roman Calendar, January became the first month of the calendar year under either Numa or the Decemvirs about 450 BC (Roman writers differ).
